- V. One kaimahi completes the Post Graduate Certificate in Emergency Management.
- W. Several Marae provide accommodation, meals and support as part of declarations.

4.0 Summary

First of all acknowledgement to our eight manawhenua iwi who came together and supported a collaborative cohesive approach to emergency management. Nga mihi nga iwi o Te Taiuhu o Te Waka a Māui.

Secondly to our partners Marlborough Emergency Management Group and Nelson Tasman Emergency Management Group, we have worked side by side and the results are due to the joint effort of us all. To our Marae and Māori kaimahi and whānau who have all contributed, ngā mihi kia koutou. And our key funders NEMA, Department of Internal Affairs, Te Pūtahitanga o Te Waipounamu, Rata Foundation, thank you.

The past two years have been one of capability and capacity building, and we thank everyone for getting us to this point. It has been a rewarding journey, but one which has taken concerted effort and fairly time consuming trying to piecemeal resources together to enable this level of development across the rohe.

We hope you enjoy the images below, they tell it best.
