5.1 Introduction

The NEMA is the lead agency responsible for co-ordinating the management of emergencies resulting from various hazards (see Appendix 1), using the arrangements in this plan and the functions and powers of the Director and the National Controller under the Act.

The NEMA may act as a support agency by co-ordinating the CDEM response to any emergency managed by another lead agency.

5.2 Objective

The objective of the NEMA is to provide leadership, strategic guidance, national co-ordination, and the facilitation and promotion of various key activities across the 4 Rs to achieve the purpose of the Act.

5.3 Principles

The principles underlying the role of the NEMA are to—

(a) provide leadership and strategic direction for CDEM; and
(b) provide co-ordination across a wide range of agencies and sectors, recognising that emergencies involve a multi-agency response; and
(c) promote research initiatives that identify hazards and inform actions to reduce risks to communities; and
(d) promote risk reduction strategies; and
(e) promote hazard awareness and emergency preparedness in communities and organisations; and
(f) provide planning and preparation for response and recovery; and
(g) build capacity and capability—
   (i) to support, co-ordinate, and manage at the national level the response to, and recovery from, an emergency; and
   (ii) to adapt to changing demands; and
(h) promote and support a means to enable a co-ordinated and holistic recovery from an emergency.

5.4 Role of NEMA during reduction and readiness

The functions of the Director under section 8 of the Act include carrying out reduction and readiness activities.

The NEMA supports the Director in carrying out those activities and will—

(a) contribute to the development of research, policy, regulation, frameworks, and guidance that facilitate understanding risk and the 4 Rs; and
(b) promote and advocate reduction; and
(c) plan for response and recovery; and
(d) provide for public education; and
(e) provide for capability development; and
(f) carry out national CDEM exercises; and
(g) monitor and evaluate preparedness and performance; and
(h) manage, develop, and maintain appropriate national response and recovery capability; and
(i) support agencies and CDEM Groups in undertaking their roles and responsibilities under the Act; and
(j) appoint, develop, and maintain key operational positions, including a National Controller, a National Recovery Manager, a National Public Information Manager, a National Welfare Manager, a National Lifeline Utility Co-ordinator, and operations, intelligence, planning, and logistics staff.
